

MEMORANDUM FOR: AEM NY 5/11

Based on my interpretation
of [redacted] grades at
G. W., ~~the~~ [redacted] probably
has a valid point. Joe was
on probation during his junior
year and he certainly didn't
improve much in his last 1/2
years at G. W. Nevertheless, his
job performance, which is usually
the basis for these ~~nominations~~,

25X1 has been very good. If the
DDT [] is going to
continue using college grades
as a yardstick for selection
25X1 to senior schools, I expect
25X1 that [] and maybe...
[] should be advised.

25X1 Some arrangement to get the
nominee's Official Folder (which
has transcripts) in the hands of the
TSP, CSB, and [] prior
to its being forwarded, might have
avoided some embarrassment. UQT

13. External Training Nominations

25X1 [] reported the results of some of the latest NPIC 25X1
nominees for external training - none of which were successful.
For the Brookings Institute Management and Program Executive Conferences
25X1 [] nomination was not forwarded by the DDI. []
whose was, was not selected by the CIA Training Selection Board because
he attended Kings' Point last year (December 1969). For the Harvard PMD
Course the DDI did not forward [] nomination because of 25X1
his questionable academic record. [] did not feel he could defend 25X1
our nominee against others strong candidates.
